**Makow--Americans can thank Israel for the restoration of national self interest under Trump. The Illuminati know that Americans would never fight Iran (and possibly Russia & China) under the Democrats. But with Zionist Zealots in all key positions, will the Trump regime keep its pledge to free speech in the face of opposition to Israeli genocide and expansion?**

**"Hollywood is teaching kabbalistic concepts in a manner that is palatable to the general public."**

Quote: "This preparation includes movies which are highly spiritual and messianic in nature. Consider Star Wars and "the force". Its similarity to kedusha or tumah, impurity, is so obvious that it is concealed only from the naïve. Yet, they are gaining the Chakma, the messianic understanding to prepare them for the Ohr Rishon. Hollywood is teaching kabbalistic concepts in a manner that is palatable to the general public, via movies and videos. Many movies are so strongly kabbalistic that the wise have no problem discerning it. What is remarkable is that these movies are being shown throughout the world and are translated into many other languages, all to

prepare the world for the messianic age. HaShem is using the tumah, the impurity, of Hollywood movies to convey deep spiritual concepts in a form that is acceptable to the Gentiles; so that the whole world is prepared for Mashiach. They are learning the concepts of redemption, of Messiah, of kedusha, and evil vs. good."

**Internet created as a teaching platform for Moschiach but to bribe the Devil, it must first be used to spread degeneracy**

Shown in this article on how the kabbalists "bribe the Devil."

Quote: "Another example is the initiation of "global connectivity" for the purpose of educating, promoting and preparing mankind for the messianic era, doing it al pi teva--by natural means, rather than supernatural means. The technological revolution G-d permitted to be "discovered." But the discovery was contravened by the Satan. How to get around it? G-d proposes to Satan saying, "I'll give it to your guys first." In other words, the internet will be dominated, prior to messiah's appearance, by corrupting influences: pornography, fake news, shopping, fetishes and "absurdities" of all types. The Satan again, being able to get mankind to sin, believes he'll prevail."

Reader--"Tell your readers to get out of Babylon, Henry. The wine of Babylon is KABBALAH, which now saturates EVERYTHING.

Anyone who accepts anything that emanates from the beast (Judaism) is damned.

Comment on Reddit Conspiracy--"So trump couldn't do anything in his first term because there was so much resistance from everyone including the Republicans. But somehow, despite 4 years of the deep state having free reign during Biden and enough time to prepare, somehow Trump still won and is now doing everything completely unopposed? He snapped his fingers and just like that, the deep state has now been defunded.

LOL. This is like a cheap reality tv show filled with plot holes. I hope no one is dumb enough to believe this.

Musk just said the 'singularity' is imminent when artificial intelligence goes beyond human intelligence - exactly the Trump-Musk-Big Tech Cult plan to take complete control of human society, thought and emotion which I have warned about for decades. This is the truly pathetic response of Alex Jones - typical of MAGA mass psychosis - who has promoted and arse-kissed the very cabal that seeks to impose total AI control and is in the midst of trashing the old Cult system so it can be replaced with the new one that will delete what's left of freedom in its entirety. Why do you think humans are being fired en masse? To replace them with AI. Yet Jones and MAGA cheer and orgasm. Jones begins with the obligatory eulogy to Musk that makes me fit to puke calling him a 'smart' genius across the board when he's just an X-posting, video-game-playing front man and yes man for those really running the show. He treats Musk's statement as a warning from his master rather than what it really is - a Big Tech statement of intent.

**"To destabilise this dirty western society? It's not difficult: you just have to destabilise the woman. Women are the keystone of any society.** All you have to do is take the woman out of her temple: the house, the family, which can only stand on its own feet because of the woman. She must be persuaded that she is exploited and debased. She must be uncoupled. She must be trivialised, she must be taken away from the teaching and education of her children, who then become easy prey for vice and the worst utopias. And there will be a crisis of morality! She must be thrown into the labour market in bulk, which will lower the price of labour and lead to unemployment and economic crisis, thus disorder and ruin of society" - *Henri Vincenot, L'oeuvre de chair, 1984*
